We went downtown to Velvet Elvis, where we first saw our friends. We then saw Ben Ronesborough and his friends/bodyguards. We went to take pictures (group) with him and then we left him alone. We went to the back where they happened to be, and we continued to have casual conversation, he then made crude, sexual remarks. They ended up leaving, and we went to Capital, where they also were. Ben asked us to go to his "vip" area (back of Capital) we all went with him. He said there were shots for us, numerous shots were on the bar, and he told us to take them. His bodyguard came and took my arm and said come with me, he escorted me into a side door/hallway, and sat me on a stool. he left and Ben came back with his penis out of his pants. I told him it wasn't ok, no, we don't need to do this and

I proceeded to get up and try to leave. I went to the first door I saw, which happened to be a bathroom. He followed me into the bathroom & shut the door behind him. I still said no, this is not OK, and he then had sex with me. He said it was OK. He then left without saying anything. I went out of the hallway/door to the side where I saw my friends. We left capital and went to the first police car we saw. [REDACTED]
