

Sorry Sweetie,
I was scratching like a
louse ridden monkey restless
& Brian bugged. I didn't
want to disturb you or
intrude on your time with
Sacha Tomorrow. You were
sleeping so beautifully, and
after a week like that you
need to. I'm proud of you
here as snowflake in January
I am so lucky to even
know you. So rest my love
and you'll renew the essence
of a new born you! With
all Tomorrow / orro
