Describe the effect the harassment has upon the victim's safety, security or privacy:

It appears that the respondent Lindsay Lohan
may have hired a hitman to kill me according to TMZ website

Do you believe the harassment will continue? Why?

yes. The picture is larger its not just her.
I have my fear and inclination mainly on the
TMZ website TMZ Celebrity News + Gossip

①

I am more alarmed than
it looks exactly like I should be.

The harassment on the radio and the
media has skyrocketed.

I believe there is some sort of
conspiracy to kill me. I know
the news would know from what I've
been saying there is evidence to
suggest there is a growing sentiment
to stir up an interest in an
assassinate Sagan murder or it could
be possible for an undercover
plot to have a brief bit run to
murder me.

I have a lot of stress programs
in my life. I could name other people whom
I suspect could now likely be behind this
than the ones I have been up with
such as the radio people and their
agents. I could name them
but I want to be very private
because the information is very
sensitive and volatile in nature and release
names could be dangerous to myself.
