HAPPY
THANKSGIVING

[REDACTED]

What up brotha? Sorry it took so long to get back to you but to be honest, I was confused if it was you or your family. Your father, even though it's obvious it was you. But I seen virginia, all the quotes your father used to say, and you sounded like a father falkin id. I really appreciate your letter and I mean that! What's crazy is when you described scorpio, plus the person I was, you were right on point, to the Tee! We are very alike and the phawer you used were dope! I always liked by the dog one. My father used to always say, if you have that dog in you, it will separate you from others! We are very alike in the fact, we are very confident. People call it crazy, but if you can't believe in yourself, who will! I always respected you, always will! I'm happy you got your ass out of sed as Bristol; I fuckin hate Bristol! By the way, I remember all the memories

haha Busted! By the way, I remember all the memories you mentioned, even the one at LA fitness, lol. Remember the time we went up and chilled with my brother and were restless lmao! that shit was halarious, and you broke my mama fuckin mirror lmao! Good times! I am the same way as you, hearing you say you want to do everything people say you can't! That is exactly why I went to Florida and (see you) just always wanted to try the hardest challenge and work for it, so it felt that much better, when it was all said and done! The eagle phrase, that is 100% true! It couldn't be described any better. One thing I'll tell you is I didn't chill with many people! Yes, I could have made better choices with my selected few but its life, you live and learn! I never let people use me, even if they thought they were; I was just a giving person, always will be! I strive off others happiness, why, I don't know, but I do! I always seen through all the fakes and certain people I chilled with, I had love for and you can't help who you love, ya know! All I know is during these past 2 years, well, year and a half, I chilled

all said and done. The logic prevails, I
couldn't be described any better. One thing I'll tell you is I
didn't chill with many people! Yes, I couldn't have made better

for and you can't help who you love, ya know! All I know is
during these past 2 years, well, year and a half, I chilled
with rarely anyone and cut everyone off! Ask! Its crazy in
the situation but I'm innocent and will be proven in
court, without a doubt! The media is the media, mostly
bull-shit, rarely factual! I literally haven't been stressed one bit,

which you'll probably think I'm lying, but if you do, you obviously
don't know me. A C.O. hasn't seen me in a bad mood yet
and I enjoy my days. It's not that bad, honestly. I'm just
hoping I am out within these next few years, to get a
chance to bail again, if not, I'm still straight! I'm still
gettin' it daily in here, that's a given! When released, it
released, I'll be ready, "No Question!" Be honest, I'm way
less stressed in jail, than when I was out of jail! I'm
just anxious to go to trial to see what's up and prove my
innocence. Regardless, I'll be good, but I know I'll be free
because I'm truly innocent and will prove it! In the end, it's
always up to the jury, so ya never know! But to let ya
know, these jail workouts are serious! lol And I also love to
read, which I've read like 25 books, so far. I'm using
this time to become a stronger writer and trying to come

But to let ya know, these jail workouts are serious! lol And I also love to read, which I've read like 25 books, so far. I'm using this time to become ~~a~~ stronger, wiser, and trying to come out, when I come home, way more intelligent, which I will!

For you, I hope all is well with you and your family. I hope you continue to succeed, which I know you will, it's in your blood! It's not an option, success if a given, when you have no doubt in your mind! It's the mindset of a dog (rare breed) and with that mindset, you'll always find a way to be successful! I always admired your mindset, never worrying about the next man; it was the mindset my pops taught me! Tell your family I said hi and I hope all is well with them! When I'm out, we should get up one thing obviously settled! It meant a lot hearing from you, I hope you knew, I really appreciate it!
