I reread the Lease and one section states a 30 day notice and the other section states a 60 day notice either way we are safe to send prior to the 30 days of Lease expiration. We understand we're in the midst of trying to purchase the home however the Lease agreement is a separate agreement in its entirety and in order to honor that agreement it states we must send you a letter of this form to ensure we fulfill our obligation of the Lease. We are also sending a copy in the mail to ensure receipt of document.

Thanks,
Kroy and Kim
