

Dear Earthlings

The gravity on Earth isn't quite the same as it is on my planet, but I'm slowly getting used to it. I always wanted to play lead guitar and express myself visually to an audience. When I play guitar on stage it's like making love. If you're good you get off every time. Thanks for helping me get off —

Hi, CAT People:

Well you should get your claws into this Album. I know it's gonna make your tails stand straight up. The CAT him self stalked it from front to back, and it tasted great, so all you Alley CATS AND TOM CATS, ROCK your ROLLS right off, (or should I say TAILS?)

Love ya -

DEAR VICTIMS...

I LOVE TO DO ALL THOSE DELICIOUSLY PAINFUL THINGS TO YOU THAT MAKE YOU WRITHE AND GROAN IN ECSTASY...

MY SPIKED SEVEN INCH BOOT HEELS ARE AT THE READY, SHOULD YOU BE IN THE MOOD FOR HEAVY SPORT — ... AND MY MOUTH IS THERE TO TELL YOU ALL HORRIBLE THINGS YOU NEVER THOUGHT YOU'D HEAR (BUT LOVE HEARING)!

I CAN SEE YOU FROM THE CORNERS OF MY EYES — ... AND I KNOW WHAT YOU DO WHEN THE LIGHTS GO OUT — ... I BLEED FOR YOU AND BREATHE FIRE FOR YOU AND YOU WONDER IF I'M CRAZY — ... I AM

My Dear Lovers,

Nothing arouses me more than seeing you getting off on me. It makes me work that much harder to please you. My body is yours, yours is mine. We explode together. When I'm on stage, I'm yours.... take me.
