Hey, Please go Public in Response to Dillon and his managers Bullshit, Contact TMZ, People or anyone of How His offer is extortion, give them the link to my motion for a new trial, explain I'm innocent and with the evidence John Phillips has I will be going home. And. I will never agree to an injunction because 1- he has nothing to worry about 2- I will not give the DOJ that kind of thing to use against me in court.

If he wants to move on, let's move on, why did we ask for Alomoney? I didn't want that.

Be sure you get these questions to TMZ.

- 1 - After I got out of solitary finally we were housed in the same unit,
- 2 - It was a fast attraction, took about a month to really let our guard down and I said I love you first and he said "I ain't saying it yet" about 3 days later he gave in and those 3 words mean more to us both than anything to this day.
- 3 - I write daily, he writes twice a week, we talk on the phone 3 times a day.
- 4 - We have been together a year last March. Engaged since Aug 2021, John talks like he is from 400 years ago, he is a practicing witch and is extremely romantic and caring. The love we share is like no other, I've ever experienced, we had different rooms in the same prison and he would come by and wake me up on his way to work at 5 AM. to say good morning I love you. And I would cook his lunch in his room so he could eat when he got home and we spent every minute of each day together and then he walked me home each night,
- 5 - Can't answer that, could still get me in trouble.
- 6 - Wow, if you ever watched Twilight it's as close as that, his touch. The way he talks, his voice I still have a shirt so I smell him. But he is so amazing, very broken when we met, he to this day says I'm his missing piece.

- 7- Dillon is selfish, younger, all about a party and wanting to be famous, John is real, been down 10 years, he is 36, got a son. Could care less about being in the public eye, and all he talks about is us as a family, very romantic and caring,
- 8- John has a lot of catching up to do with his family, staying off of drugs and seeing how the world has changed, we talk 3 times a day, he is all about us getting married, he knows I'm coming home, "link to motion for new trial" I talk to his whole family and they are all behind us where Dillon's wasn't,
- 9- No, John has been alone for ~~9~~ years, and we are in love enough and mean enough to each other he has this under control until I win this appeal or new trial, all I can do is trust our love is that strong, I wouldn't think he would do this to his son & family.
- 10 - AS SOON AS Dillon signs the divorce and it's final, IF I'm still here, John and I want to get legally married right away even if he has to come here, if we do that and when I get home John's dream is to marry me in an ancient forest like in WA, OR, and only be with his family, his brother is going to marry us, we want it very private and romantic since this is his first and last as he says, look on my FB for a story "about a man named Graham" include that
- 11- Dillon's offer is extortion and it gives him sole rights to anything in his possession like copies of all my video footage, computers, photos, clothes, etc, then acts like I'm dangerous, I did nothing but give him everything he wanted, I just want to move on,
Note - How to tell Bullshit from Reality, in attachment "A" he wants me in his life but with a permanent injunction never to speak to him?
Come on get in the press and point this out.
All anyone has to do is read what offer his attorneys typed up. to see it was all about Dillon, he even sold my clothes, who does that besides Jeff love?
- 12- AS OF Today I have 16 more radiation treatments to go, then a 30 day wait to see if it's in remission, I've lost so much weight & muscle I walk with Canadian crutches, Be I will bounce back.

Please refer to me as Joe Graham "Joe Exotic" Thanks
