Here's what supporting TRUMP cost me:

My aunt is Patti LaBelle, famous singer AND DEMOCRAT.

Christmas 2019, she had just informed me that I had to move out of the home I had happily shared with her for 12 years.

So when I heard her and my family talking about what a threat Trump was, I asked her "why should I be afraid of trump when you're the one who just made me homeless?"

Her family instantly attacked me and threw me out of her house.

And just last year, she had a problem with me talking about my life with her on this platform.

My punishment for using my 1st Amendment right this way was LIFETIME BANISHMENT.

And as of today, she's still not speaking to me.

And because SHE'S not speaking to me:

NO ONE IN HER CIRCLE IS SPEAKING TO ME.

And this will apparently last the rest of my life.

WHY?

Because NO ONE VIOLATES AND DISRESPECTS DEMOCRACY AND FREE SPEECH MORE THAN DEMOCRATS.

I learned that lesson on Black Christmas 2019, and I've been learning it ever since.

And even though I've gotten out of politics, they still hate me.

But all that tells me is that I'm doing something RIGHT.

Because I'd rather vote Republican because I WANT to, than Democrat because I HAVE to.

God Bless America
