

Buku here.

I just want to say a few things... Before I start I just want it to be known that I am speaking from the heart, nothing I say or do not say is to hurt ANY party reading or affected by this.

To the people that feel I should be speaking up/ against everything that is going on right now. I just want you all to understand that devastated is an understatement for all that I feel currently. I do apologize if my silence to all that is happening comes off as careless.

That is my last intention. I pray for all the families & woman who have been affected by my father's actions. Trust, I have been deeply affected by all of this.

However,

It has been very difficult to process it all. Let alone gather all the right words to express everything I feel.

Anyone that knows me personally or has been following me throughout the years knows that I do not have a relationship with my father. Nor do I speak on him or on his behalf. I also am not fond of dealing with my personal issues or personal life experience through social media but, I feel things are starting to get out of hand.

Unfortunately, for my own personal reasonings & for all my family has endured in regards to him, his life decisions, and his last name, it has been years since my siblings and I have seen and or have spoken to him.

In regards to my mother, she for the same reasonings and more, has not seen or spoken to my father in years.

My mother, siblings, and I would never condone, support or be apart of ANYTHING negative he has done and or continues to do in his life.

Going through all I have
gone through in my life,
I would never want
anyone to feel the pain
I have felt.

Reminders of how
terrible my father is,
and how we should be
speaking up against
him, rude comments
about my family,
fabricating me, my
siblings, & our mothers
"part", ect. Does not
help my family (Me, my
sister, my brother, and
my mother) in our
healing process.

Nor does it allow a safe
space for other victims
who are scared to
speak up, speak up.

The same monster you
all confronting me
about is my father.

I am well aware of who
and what he is. I grew
up in that house.

My choice to not speak
on him and what he
does is for my peace of
mind. My emotional
state. And for MY
healing. I have to do &
move in a manner that
is best for me.

I pray anyone who
reads this understands
I put nothing but good
intent behind each
word. It took me nearly
3 days to write this. I
just want everyone to
know that I do care and
I love you all.

This is a very difficult
subject to speak on...
again, I apologize if my
words don't come out
right..

To everyone who
reached out to my
family and I, sending
good energy and love..

Thank you.

You guys really helped
push us through this
hard time. This past
year for my family has
been very difficult, all
the love and support
you all continue to
show is why we keep
going. You all fuel us.

Family, friends,
followers, fans, ect.. I
love you guys to
pieces. Your love is
appreciated & will
always be
reciprocated. For
anyone new to my
page, I just ask when
you come here you
bring peace & nothing
else.

Love,
Buku Abi.
