Bottom line

He came back around. We got cool. Hashed out the past. He made promises. Then disappeared again. I'm not running no nigga down to do what he's supposed to do. So I finally decided to let the courts chase him instead. Regardless of how she got here, SHE'S HERE! So stop making excuses and justifying a grown man abandoning an innocent child !

Last but not least, since y'all making him the victim. If only y'all saw these messages in my phone, you'd be surprised I didn't file 3 months ago.

Tbh- I really think he did this and forced my hand to make me look bad like this is what I had planned the whole time. I tried soooooooooo many times to make things right with him for the sake of lil mama. I didn't want courts involved. I've never been into that. I was raised on the courts for police ass hoes. I was raised in & out of Juvy. I don't wanna see a court room either. But at this point it is what it is.

As far as me allegedly
"trying to secure the bag"

I lost over 100k having my
lil angel. Lost wages and
spent a great chunk of my
savings. Haven't been able
to work since I was 5 months
pregnant. Closed down my
physical location of one of
my business because I didn't
have reliable help to fill
in my absence. Sold one of
my cars that I worked hard
to pay cash for. I was even
wearing press on nails at
some point. But I survived
and took care of BOTH of my
children. I prayed, Paid my
bills and kept myself
together mentally. I don't
want y'all to sympathize
with me. I'm good. I made it
through the hardest part. I
just want y'all to know what
it really is.

If it was about a bag, I
could've secured that for
having an abortion duhhh !
Like the other girls did 🐱

Only bag secured was a Gucci
diaper bag . Ok?

Had the M4 before y'all
favorite rapper came along

Had the range !

Had businesses !

Had A1 credit !

Had all the watches, bags,
shoes, etc !

Also had peace of my mind !

And despite the losses I've
been taking doing this on my
own, I still maintained it
all.

So to answer y'all question,
NO I don't need him to take
care of me, I need him to
take of his child 🙏

I was good before and will
always be good
