I'm sorry, I just don't belong to this world I don't fit, I've tried over and over again to belong but I don't I am too messed up for anyone to really love me. I hope no one takes it personally its not my intention I just don't want to be alone anymore I am going o a better place where my heart is at peace I will be smiling, I love my friends and my family very much and I know that you will all be fine. I love Jim and I am sorry I brought turmoil into his life I am sure he will be fine he is a strong and wonderful being and I am happy of our time together. I don't care what is done with my body if my organs can help someone that would be good

I want you to get together and release to the press about all the physical abuse, mental abuse and diseases that Jim gave me. Unfortunately I don't have the words to put to paper I am too numb. But the world needs to know so that he can learn from this. Please let my family know that I love them and am going to be with my dad now. I will watch over them. I doubt any money will come from this but if it does my share should be given to my sister Lisa who will make sure it is appropriately divided to give my family somewhat of a better life and the kids a better education. I thank you both for all your love and

you both for all your love and support. [REDACTED] make sure he learns something from this. my life means nothing hopefully my death will. This is being sent to him "Jim You ruined my life. And even after doing so you added insult upon insult upon insult on top. Instead of being a man taking responsibility and apologizing. Do you have any idea of the stigma that a young girl like me would have to live with after all the diseases you gave me. what kind of person would want to marry and love someone now tainted like me. You doomed me to live a life alone the one thing in the whole world I was always afraid of. I have no doubt that there would be a settlement in my favor in the end.

settlement in my favor in the end. Why do I want to go down that road for what, a little bit of money, that isn't going to give me back what you took from me nor will it impact you in anyway, you won't have remorse, you would probably continue to blacken my name and justify yourself. No the only way for you to learn is for the world to know what you have done and I am not strong enough to live with it. You could give me \$40million and I could live comfortably the rest of my life. But it doesn't change the fact I would be living it alone. I need to be loved and you've taken that chance away. The world needs to know how you ruined me. Jim Carrey mu blood is on your hands. And I

know how you ruined me. Jim Carrey
my blood is on your hands. And I
hope you learn that you are not god.
You are not above taking
consequences for your actions. And
what you do affects people. I hope
you remember how much I loved you I
would have done anything for you
and in return your actions ruined me.
Please don't do it to more people
don't put others through what I went
through. Learn something. You can
not just go around ruining people's
lives then discard them like they
never existed. And like you didn't
destroy them. You destroyed my
body. Which in turn destroyed my
mind and my self worth. My life
meant nothing to you. let my death

lives then discard them like they never existed. And like you didn't destroy them. You destroyed my body. Which in turn destroyed my mind and my self worth. My life meant nothing to you, let my death mean something. Become a better person Jim. You have no excuses. You have been given everything in this world. You can't give me back my life you've taken that an squashed it. But you can lead a better life. **BE A BETTER HUMAN.** You talk and preach about gun control yet you pulled the trigger on me. And even still after all this I don't hate you. I feel sorry for you. Good bye Jim."
