In no way do these legal proceedings filed by an insurance company on my behalf in response to a lawsuit reflect the grief I am experiencing or the love I have for my best friend Corey and his family. I have remained silent out of sympathy and empathy for the La Barrie family, and at the request of my lawyer, but cannot let this misunderstanding continue without a response. I did not have any role in the court documents that have been filed in the civil lawsuit against me and was not given the opportunity to review them before they went to court. They do not reflect my personal beliefs or feelings about what happened that night. I wish nothing but healing and kindness for everyone involved. Thank you to those who have shown me love and empathy. I will be posting a more meaningful message about this tragic loss and experience soon.
