It is with a heavy heart that we mourn a valued and cherished team member, Johnny Wactor, whom we lost to a random act of violence a week ago. This has been difficult to process for all who knew him. He was beloved amongst his peers and co-workers, and we will all miss his talent and generous spirit. Our hearts go out to his family and everyone affected by this senseless, terrible tragedy.

At Level 8, we take safety very seriously. Since we opened, we have provided the option for security escorts to the nearby parking lot to our staff after hours. And in light of this tragic incident, we have been talking to our team and professionals in the field, and are actively researching additional safety measures for our staff.

We understand that a tragedy such as this impacts everyone differently and profoundly. We are committed to providing a safe and supportive environment for everyone at Level 8.

There is a GoFundMe that Johnny's family has started: Justice for Johnny: Family Support - <https://www.gofundme.com/f/justice-for-johnny-family-support> (Link in bio)

The individuals involved in this shooting are still at large. If anyone has any information, anonymous tips can be submitted by calling L.A. Regional Crime Stoppers at 1-800-222-8477 or visiting the Crime Stoppers website.
