

Bio

I pursue God! As long as I can remember including a time when I was six months old and my mother awoke to find that I was slipping away into a crib death. In a hospital tent God first visited me and spoke life which I can still recall today. Being raised in the church I loved God, encountered Him, but wanted to know more. At seventeen I made the decision to follow Him all the days of my life! The first thing God did was teach me about His Sabbath, Feasts, and Word! I began walking in His cycles and began to know and understand.

I have various degrees in mental health and criminal justice. I worked as a mental health therapist for ten years and then shifted into life coaching. This seemed a good transition helping people get "unstuck" in their lives using biblical principles and wisdom.

I have been involved in almost all aspects of ministry including speaking, pastoring, prayer, teaching, and the most time spent in bringing deliverance to those who are in bondage. My heart has always been to walk in maturity and to bring others into maturity to be about His business and see the completion of things He mandated before the foundations of the world.

I look forward to bringing the word with experience and practical counsel on walking as mature adopted sons manifested upon the earth!

Shalom!

Michelle
