[REDACTED]

Sorry I took so long getting back to you. I just re-discovered the letter you sent me at the end of May. And I always take time writing anyone back since they took time out to write me.

All letters are screened for contraband, and because of some drug-heads attempts to always smuggle contraband in here the mail-room disregarded the index card you said you'd sent me to sign. So I'm sending you this large piece of paper signed by me.

- To answer your questions:
- 1) I am still healthy, and look forward to a better future — I will GET OUT OF HERE.
 - 2) I paint and cut hair almost every day.
 - 3) I'm not in a cell. I'm in a dormitory with a bit over 100 other guys. And I do watch TV sometimes ... mostly news and sports. I have a TV in the barbershop where I work.
 - 4) My whole boxing career was an interesting story! I started writing a book about it, but haven't finished.
 - 5) Fighting Mike Tyson was just like fighting the other 30+ fighters I fought. It was a job that took care of my family. I never got into all the hype, and I'd met Tyson years before they even talked about us.

fighting each other.

6) The most fun I had in the boxing ring was every time the referee raised my hand as the winner after all that hard training.

You take care, and I wish you and your's all the best!!
