Trauma is real I'm still traumatized from loosing my mom dad and one of my grandmothers and on top of that being shot. I'm not open abt anything on the internet usually bc I like to keep my emotions private but I'm reaching my limit, Im going to keep staying positive.

AT THIS POINT IM GETTING ANNOYED ! STOP BELIEVING EVERYTHING YOU READ ON THE MF INTERNET. Imagine how I feel waking every day seeing people LIE and turn my trauma into a joke ? That whole team figures out ways to create doubt with my story every week and the media eats it up
