Vivek Ramaswamy put up a very powerful Ad about a mother saying that her daughter, Amy Acton, who is running for Governor of Ohio, is a liar, and much worse. The Press, in a concerted and well coordinated attack, is trying to get Vivek Ramaswamy to "take down the Ad." Frankly, anybody whose mother spoke about a daughter in that way would normally lead to the daughter being precluded from serving in Office, let alone the Office of Governor. If my mother, the legendary Mary MacLeod Trump, said anything bad about me, the Fake News would play it up. The Dumocrats would be totally supportive, and it would go down as the Ad of the Decade — Maybe the Century! It would win Awards for Excellence in Advertising. But, because Vivek, who will be a GREAT Governor, put it out, the "Artificial" News has teamed up against him in order to damage, demean, and embarrass a Republican who is leading in the Polls. Our RINO Governor of Ohio, Mike DeWine, who I unfortunately helped get elected years ago, when he was losing by 16 points prior to my doing a Rally for him was, as usual, disloyal to the Republican Party. He strongly suggested that Vivek should, "take down the Ad." He probably wants a Dumocrat to win, and certainly doesn't want someone who will do a much better job than he is capable of doing. I suggested, on the other hand, that Vivek should keep it up, and let everyone listen to the mother of a defective, dishonest, and incapable Candidate, explain how the daughter is a DISASTER who, uncontrollably, lies, cheats, and steals! I only wish the mothers of my opponents would be so brave as to come forward and explain that their son or daughter is a liar, and much worse. That took a lot of courage to do but, essentially, what she was really doing was saving Ohio from making a truly horrible choice! The Press is trying to convince everyone that this Ad is bad, because it's so good! Who wouldn't use such an Ad? I would, it's called, "hitting pay dirt." The fact is, Lyin' Amy Acton, who I've never even heard of before, has been lying about Vivek for the entire Campaign. I know the real Vivek, he is a brilliant and outstanding person who will cut Taxes, stop Crime and, MAKE OHIO GREAT AGAIN. He will be a fantastic Governor! President DONALD J. TRUMP
