

Dear Jose ,

After 30 years as a prosecutor, I decided to retire and run for State Attorney because I saw an office in shambles - with an abysmal conviction rate, wasting taxpayer money and no real leadership. With my experience, knowledge and passion, we will turn things around.

I want to make this campaign about the future of the legal system in Orange and Osceola Counties - not the past.

I want to empower assistant state attorneys to make charging decisions to hold them accountable for the cases they take to trial. I will eliminate the Intake Bureau to make the process more efficient. One attorney will handle a case through to its disposition. If you want new lawyers to receive strong training and mentoring from a State Attorney who is at home in the courtroom, [then I need your support.](#)

If you want a State Attorney on the cutting edge of science and technology, [then I need your support.](#)

If you want less politics and more transparency in the State Attorney's office, [then I need your support.](#)

The deadline for my first financial report is Saturday at midnight, and I need your support NOW to help me reach my fundraising goal -- we need to raise \$3,225 by Saturday night to meet that goal.

[Can I count on you for a contribution TODAY of \\$50, \\$75, \\$100, \\$250 or \\$500?](#)

The simple fact of the matter is that it takes resources to convey our message. Aside from keeping our office running, we have to pay for mailers, literature to distribute, yard signs and T-shirts for volunteers who walk door-to-door.

I need your help to turnaround the State Attorney's Office and make it a place where lawyers, business people and the community know justice is served.

[Please help make sure the State Attorney's office is one we can be proud of by making a contribution TODAY for \\$50, \\$75, \\$100, \\$250 or \\$500.](#)

Thank you for your support and friendship.

For Justice,

Jeff

[p.s. If you get this message after the Saturday deadline and contribute, you will be one of my first contributors for the next fundraising period. I appreciate your financial support anytime. Thanks.](#)
