

I, Bam Margera, fully understand that I will not be able to engage in negotiating a contract to participate in a new jackass film unless I stay in treatment for a minimum of 90 days and abide by the rules set forth by the treatment center.

I understand that I have to remain sober and only take medication approved by the medical staff of the treatment center.

I understand that if I do participate in a new jackass film it will include conditions for my continued sobriety and mental health approved by the treatment center.
