

Hi James,

We've been following the news of your mainstream movie "The Canyons" with great anticipation, and we have a business offer that we think will intrigue you.

As you know Vivid is widely recognized as the leader in adult parodies and we would like to produce a VividTV parody of "The Canyons" directed by you, and starring you.

It would be a first in parodies...the actual star of a mainstream movie also starring in an X-Rated version of that same movie! How cool is that?

While fans of adult movies are familiar with your acting talent, this would be a great showcase for your directing ability, sure to be noticed by both the adult and mainstream worlds alike.

We think that our high quality parody will add value to the original movie and we already have a list of hot women for you to consider for the Lindsay Lohan role.

Let's jump on this. I look forward to hearing from you.

Best,

Steven
